Designed for Sukoon

In today's world, everything often feels a bit too much. So, we've all tried, in our own ways, to find Sukoon; that rare stillness where everything feels just right.

Sukoon can mean different things to different people. For some, it's a quiet morning with soft sunlight streaming in. For others, it's the simple comfort of coming home to a space that feels just right.

At Hindware, we understand that finding Sukoon begins with the spaces we live in.

In the chaos of everyday life, we create warm, inviting environments where you can pause, breathe, and indulge in life's most precious moments.

With thoughtful design and advanced technology, we at Hindware bring care, comfort, and innovation; ensuring that every touch, every feature, and every detail works in harmony to offer you the Sukoon that you're looking for.

Because true design is not just about how a space looks, it's about how it makes you feel. And with Hindware, you can always return to that perfect state of Sukoon.

THERMOSTAT

THERMOSTATS

SOME GO WITH THE FLOW. YOU CAN OWN IT.

The Hindware Thermostatic Diverter reimagines your shower experience by offering seamless control and precision. Crafted for modern multi-outlet systems, it allows you to effortlessly transition between the overhead shower, hand shower, and body jets; each channel resonating at your perfect, pre-set temperature. No sudden shifts. No guesswork. Only a symphony of comfort tuned to your senses.

THERMOSTATIC TECHNOLOGY:

Its advanced thermostatic control balances hot and cold water with flawless accuracy. It responds instantly to fluctuations, maintaining a consistent and comfortable water temperature throughout your shower.

SAFETY IN EVERY STREAM:

Even in moments of sudden change, its 'Hot Water Failure Control' stands guard, instantly halting the flow to protect you from scalding.

CONTROL AT YOUR FINGERTIPS:

With a sleek push-button interface, you effortlessly command your shower experience. Seamlessly switch between outlets, adjust water flow, and tailor your shower to perfection; all with a simple touch.

WHEN POWER MEETS GRACE:

Beneath its elegant form lies a high-flow system designed to deliver robust pressure, even when multiple outlets work together.
